Description

For the pass 7 years, SWORKz kept developing and improving their 1/8 off road nitro buggies. After the successful debut of the SWORKz S350 EVO II Limited edition (2015-2016), we continued to follow SWORKz DNA and further build on the EVO II Limited edition. Ultimately SWORKz created the S35-3 Pro Nitro Buggy. The S35-3 is a brand new SWORKz 1/8 nitro buggy.

The S35-3 newly designed arms are made from a strong standard nylon material. Optional carbon covers are available to adjust the arm's stiffness. A new front Ackerman steering system and a unique front shock tower design allow you to change the front upper angle position with ease. The centre plastic BBD diff system provides better acceleration to the S35-3. A new simple radio tray system gives better and more precise throttle and braking response. The T-7075 aluminum chassis come with several new designs. The L.F.C (Lower Friction Coefficient) chassis allow users to install 15-45g balance weight on the chassis CG position. The S35-3 includes high quality parts, a refined shock system, option parts for an optimized suspension.

The SWORKz S35-3 Pro Kit comes standard with many SWORKz Factory Team Option Parts. SWORKz utilizes only the highest quality materials and industry leading manufacturing processes resulting in a faster, stronger, and more reliable vehicle. The S35-3 Pro Kit has been designed to win. Congratulations on your purchase of the new SWORKz S35-3 1/8 scale off-road racing buggy pro kit.
